

I'm having trouble registering for the State Championship. What do I do?

1. Confirm you are logged in.... (Upper right corner of the web page).... **LOGIN**. Enter Email address and Password.
 - a. Under **MY ACCOUNT** (Upper right corner of the page)... Click **ARCHERS**. If the archer you are trying to register is not listed, click **ADD NEW ARCHER**. Fill out the information for the archer(s) in your family. Click **SAVE ARCHER**.
 - b. You should be able to register the archer at this point.... You will need to go to the front page and click on the registration link.
2. If you do not have a log in (email and password), click on the.... **LOGIN** and on the login page, select **New Account**.
 - a. Follow the directions.... You will be asked for your name, email, password, address, and phone number.
 - b. On the last page of the sign-up, there is a blue link called **Add Archers**. Click the link and fill in the information on the archer(s) in your family. Click **SAVE ARCHER**.
 - c. You should be able to register the archer at this point.... You will need to go to the front page and click on the registration link.
3. If this still doesn't work, please email info@TexasFieldArchery.org, or call Mark Tanner at (214) 770-5903.

NOTICE:

The system automatically slots your age group based on your birthday and you will only see options for your age group. If you want to shoot in a different age group (Silver Senior to Adult for example), you will need to contact us and let us know what age class you want to shoot. We will set you up to shoot in that age class and you will then be able to register for the event in that age bracket.

Longbow and Barebow Recurve Shooters

The above issue may keep you from registering (Longbow is ADULT only and Barebow Recurve is YOUTH, YOUNG ADULT, ADULT and SENIOR only). Follow the instructions above.... Contact Mark Tanner at: info@texasfieldarchery.org or marketanner@att.net.
